

LEVEL 1 HEALTH AND SAFETY WITHIN A CONSTRUCTION ENVIRONMENT

Build a safe future starting with Highfield's Level 1 Health and Safety within a Construction Environment e-learning course. Learners will discover the legal duties and responsibilities of construction operatives, from health and welfare to general safety, exploring crucial aspects of maintaining a safe workplace. With interactive modules and engaging content, learners can start building a foundation of safety today and pave the way for a successful future on-site! It also covers the content and knowledge required to go on to achieve a recognised Level 1 Health and Safety within a Construction Environment qualification with an awarding organisation approved training provider.

Areas covered

- Legal and general responsibilities of construction operatives
- Health and welfare in a construction environment
- General safety in construction activities
- High-risk activities
- Mobile plant, site vehicles and environmental awareness
- Obtaining a CSCS card
- Revision questions

Who is it aimed at?

Ideal for employee inductions, or anyone starting work in the construction industry.
