online training

Learn how to effectively manage HACCP within your business with our new HACCP for Caterers level 3 online e-slides course. This course has been developed for caterers to gain a better understanding of how HACCP can be simply applied to the catering environment. It is also ideal for those learners who wish to go on to achieve a level 3 HACCP catering qualification.

Areas covered

- Definition and importance of HACCP and legislation/best practice
- Food safety hazards and types, prerequisite programmes
- CODEX 12 logical implementation, steps of HACCP, the HACCP team
- Users and flow diagrams
- Hazard analysis
- Critical control points, critical limits, targets, tolerances
- Monitoring procedures
- Corrective actions
- Validation of the plan and verification procedures
- Documentation and record keeping

Why e-slides?

Our e-slides combine the comprehensive content of our trusted training materials with engaging interactive elements, all of which can be delivered anywhere there is an internet connection – so learners no longer have to worry about a course not running in their local area. They also allow learners to complete courses in their own time at a location that suits them.

What's included?

- E-slides covering all of the key learning objectives (8 modules) of the level 3 qualification
- Interactive exercises to help learners absorb the essential learning outcomes
- Detailed notes
- End of module tests to ensure learning has been retained
- A digital copy of the Intermediate HACCP book
- Customised branding and translation options on request
