

REGULATED FIRST-AID QUALIFICATIONS ASSESSOR AND INTERNAL QUALITY ASSURANCE CPD TRAINING

Developed by Highfield Qualifications, this online training is designed in compliance with the requirements set out by the First Aid Awarding Organisation Forum, to equip you with the essential knowledge required to assess and internally quality assure (IQA) regulated first-aid qualifications. Through a comprehensive curriculum, you will delve into Highfield-specific details and broader concepts of assessing and IQA.

Areas covered

- The role of the assessor, best practices for assessing, methods of assessment and supporting your learners effectively
- Assessing first-aid qualifications, resources required, distance learning and requalification
- Assessment decisions, good practice, and practical and theory assessments
- The role of the IQA officer and internal quality assuring first-aid qualifications
- IQA sampling strategies, plans and reports
- Continuing professional development (CPD) and record keeping

Who is it aimed at?

People who would like to become first-aid assessors and/or internal quality assurers. This training is only for first-aid courses. It will not allow the learner to assess or IQA any qualifications other than first aid. This course has been developed to meet the requirements set out by the First Aid Awarding Organisation Forum and can be used to support applications to become tutor/assessors and IQA's through awarding organisations in the UK.

Free downloadable resources:

First Aid Handbook, example documents including CPD log, IQA Report and example IQA Sampling Plan.
