

PHISHING AWARENESS

hot lite

Reduce cyber security risks with our Phishing awareness online course. Designed for organisations of all sizes, it helps employees recognise, avoid and respond safely to phishing attacks. Ideal for organisations looking to strengthen cyber security awareness, this micro-teach provides practical training to help protect sensitive information and build confidence in recognising phishing attempts.

Areas covered

- Understand what phishing is and why it is used
- Recognise common phishing messages in everyday work
- Know how to respond safely to suspected phishing

Who is it aimed at?

This course is aimed at anyone who uses digital technology, whether at work, at home, or on the move and provides a simple foundation for recognising and responding to phishing attempts.

Multi-device compatible

This course is compatible with most popular desktops, tablets and mobile devices.
